## **REASONS FOR ALLOWANCE**

### ***Allowable Subject Matter***

1. Claims 1-46 and 48-64 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

The examiner agrees with the applicants arguments in the after final amendment filed 10/19/2004, wherein the applicant amends the independent claims to indicate a combining of signals in free space such that at each receiver position in space signals not intended for the particular receiver at that point in space tend to cancel in free space those intended for the receiver tend to add, and argues that the prior art fails to teach such a limitation.

The examiner agrees, therefore, claims 1-46 and 48-64 are allowed.

### ***Conclusion***
